<b>Module No:</b> 04	<b>Topic:</b> Types of Media

#### **IV. WE'RE ON OUR WAY A. Instruction: Identify what types of media it belongs.**

Print Media  
Broadcast Media  
Movies  
Video Games

1. Google - Digital Media
2. Mobile Legend - Digital Media (specifically, a mobile game falls under digital media)
3. FM and AM radio program - Broadcast Media
4. Books - Print Media
5. Encatadia Teleserye - Broadcast Media (specifically, a television program falls under broadcast media)
6. Magazine - Print Media
7. Youtube website - Digital Media
8. Newspapers - Print Media
9. INDI film - Film Media
10. Call of Duty and Angry Birds - Digital Media (specifically, video games fall under digital media)

#### **B. True or False: Write True if the statement is correct otherwise, write False on your answer sheet.**

1. **True** - Convergence refers to the ability to transform different kinds of media into digital code, accessible by various devices.
2. **False** - Books are one of the oldest platforms of media, but people traditionally read books, not went to theaters to watch them.
3. **True** - The printing press, invented by Johannes Gutenberg in 1440, was a significant event in the history of printing.
4. **False** - While films are an essential part of mass media, they are not the very first mass media in human history. Other forms, like print, preceded them.
5. **True** - The internet has indeed changed the world, connecting people and providing access to the latest inventions and news.
